Term 3 2024

ENGLISH

Exploring Narrative through Novels and Film

Students listen to, read, view and compare a narrative film and a novel. They examine the positioning of characters in the chosen film and novel. Students identify and analyse the similarities and differences between the language and structural features of the film and novel. They express and justify their opinions about aspects of the novel and the film.

Assessment: Written

A written comparison of a novel and film response

Spoken

Students plan and present a topic of their choice to an audience.

HUMANITIES AND SOCIAL SCIENCES (HASS)

Exploring the development of British colonies in Australia

Students understand how and why historical events from Australia's colonial past have influenced the development of Australian democracy. They examine secondary settlements in Colonial Australia. Students also explore how events on the Goldfields led to change in migration and democracy.

Assessment: Collection of work and an end of unit test relating to Life on the Goldfields, in particular the Eureka Stockade.

HEALTH

Semester 2 Respectful Interactions and Analysing Health Information

Students understand the concepts of power, control and coercion and examine the impact of the balance of power on relationships. They will also analyse Health Data about different aspects of health, to gain a further understanding on how to lead a healthy lifestyle.

Assessment: Written Response

THE ARTS

Semester 2 Media Light and Sound

Students explore light and shadow in media art forms to create representations and meaning for an audience.

Assessment: Collection of Work

Music

Students study songs from around the world and perform accompaniments using percussion instruments and ukuleles. They examine ways in which the elements of music are used in various accompaniment styles and in different musical genres, including music of our First Nations Peoples.

Assessment: Performance of an accompaniment part to a known song, using both ukulele and percussion instruments. Notation of rhythmic and melodic ostinati.

SCIENCE

Properties of Light

Students investigate the properties of light. They will investigate reflection angles, how refraction affects our perceptions of an object's location, how filters absorb light and affect how we perceive the colour of objects and the relationship between light source distance and shadow height.

Assessment: Written Response and Maze Construction

PHYSICAL EDUCATION

Netball

Students perform the fundamental skills associated with Basketball. These include:

- Passing
- Shooting
- Defence
- Rebounding

Students then must demonstrate and apply skills in a game setting.

Assessment: Checklist and Observations

LANGUAGE - German

Semester 2 What is school life?

Students explore the concept of school life in German-speaking communities and Australia.

Assessment: Collection of Work

MATHEMATICS

Number and place value

- read, write, count in sequences, order, rename, round all whole numbers up to millions
- use written strategies to add & subtract
- use an array to multiply
- use divisibility rules to divide
- solve problems involving computation & apply computation to money problems

Fractions and decimals

- makes connections between fractions & decimals
- compares & orders decimals
- thousandths and beyond

Patterns and algebra

- creates, continues & identifies the rule for patterns involving the addition & subtraction of fractions
- use number sentences to find unknown quantities involving multiplication & division

Using units of measurement

- chooses appropriate units and measures for length, area, capacity & mass
- calculate perimeter and area
- problem solves & reasons when applying measurement to answer a question

Location and transformation

- explore mapping conventions
- interpret simple maps
- use alphanumeric grids to locate landmarks and plot points
- describe and create complex symmetry designs
- enlarge images using a grid system

Money and financial mathematics

- using digital technologies – calculators, excel spreadsheet
- Simple financial plans
- investigate income & expenditure
- calculate costs, investigate savings & spending plans
- percentages with digital technology

Assessment

CSS assessments including money and financial mathematics, measurement, number and place value.
