School Overview

At Coorparoo State School, we "SOAR". We are- Safe, Organised, Active Learners, Responsible. We are an Australian primary school of 3 distinct campuses with Kijini campus (prep-year 2), Wolff Park campus (years 3-4) and senior campus (years 5-7). The school is characterised by academic focus and social outcomes and cohesion delivered through quality curriculum, effective teaching and learning, valid assessment and meaningful reporting. The school is a networked learning community integrating information and communication technologies in curriculum delivery and has a distinctive school focus on teaching German, music, sport and art. We take pride in our long history (established 1876), traditions and reputation for high standards. With approximately 800 students, the school consistently achieves outstanding English and mathematics national test results. We are committed to sustaining a positive learning environment where all students are able to learn and reach their full potential and to participate all day, every day. Coorparoo State School actively fosters school and community partnerships.

Principal's Forward

Introduction

Coorparoo State School had another very successful year in 2016, where high quality education coupled with a culture focussed on learning provided opportunities for all our students to SOAR "on the wings of wisdom". As a school, we are very proud of the reputation our school has for excellence in academic, sporting and cultural pursuits. The behaviour of our students is outstanding, with high expectations and traditional good manners, discipline and tolerance evidenced by all students across our school.

Student achievement and improvement continued to be the focus of staff and school efforts. With the full implementation of the Australian Curriculum in English, Mathematics, Science, History and Geography in 2015, our teaching staff have shown commitment to planning and preparing thoroughly in order to actively engage students in all curriculum areas. Significant action was taken to develop staff skills and proficiency in a consistent pedagogical approaches. Building on the significant work undertaken with the introduction of High Impact Teaching and introducing professional coaching for teachers, the school appointed a Literacy and Numeracy coach position.

In the second half of 2015 the school committed to a three to five year process of school improvement becoming a "Powerful Learning" School, working with Professor David Hopkins and Wayne Craig to undertake research based school improvement. As one of only ten QLD school in the project funded by the Sydney Myer Foundation, we have committed to this action research project to take our school from a good school to a great school. The project uses research based Theories of Action to bring about improvement. We chose to make our 2016 "Consistent teaching Protocols". This theory of action is proven to have a major impact of school improvement. We have focused on this action through working in teams to plan for student learning, assessment, moderation and reporting. Through the development of a professional learning teams approach, our teaching practice has been significantly deprivatised. Coaching and feedback cycles have supported sharing of best practice. Our staff completed a range of professional development and actions across the school. As we move towards additional theories of action, this work will also continue.

One aspect of our school culture that we are very proud of is our multiculturalism, with approximately 25% of our students have English as a Second Language or Dialect. These students benefit from extensive school funded programs including "Read It Again" "Prep Oracy" and additional support from EALD Teachers and Aides. These programs have proven to make a significant difference with many of these students achieving A level results within three years of commencing at Coorparoo State School.

Our multicultural and inclusive ethos in the school is supported by our school community. We celebrate and acknowledge a range of events through the year including Sorry Day, NAIDOC, Ede, Ramadan, Divali Festival as well as Easter and Christmas.

Our P&C employ a School Liaison Officer (SLO) who works very hard at engaging parents and community members in our school life. In addition to regular communication with class parent representatives, the SLO holds a fortnightly parent group called Coorparoo Connect. This open group has been specifically created to engage the range of cultural groups of parents and welcome them into school life. Meeting in the Helping Hands rooms, parents bring younger children, share a cuppa or even food. This group is regularly attended by the principal and administration team building relationships with parents who may otherwise feel uncomfortable to connect with the school.

Oueensland

School Progress towards its goals in 2016

The school improvement agenda for 2016 focused on the ongoing review and implementation of Coorparoo State School Pedagogical Framework with a focus on Reading, Writing, mathematics and problem solving.

The implementation of Math and Writing coaching cycles to support the development of best practice and continuous improvement has been highly successful.

Weekly meetings with teachers and the administration team and coaches has ensured deep analysis of data and planned responses to individual student's needs.

A Flying Squad was established to improve reading across P-3. This program made significant improvements for students reading. All students received targeted small group intervention for one term with the flying squad.

ICAS Science, Math and English provided opportunities for students to extended their application and knowledge.

The continuation of the Coorparoo State School SOAR program has seen our students demonstrate excellence in behaviour, academic, social skills and participation.

The Artist in residence program has been a key feature of the school with students participating in extension fine arts programs in term three.

An outstanding Music program has been greatly supported by our school community. Classroom music, choirs, percussions groups and instrumental music programs have been a feature. Significant planning for future expansion and enhancement of the program for 2017 has been undertaken.

Significant work has been undertaken as part of the Curiosity & Powerful Learning project working with Griffith University, The Mitchell Institute, and Melbourne University and partner schools. This work underpins our school improvement strategies and provides a research based approach to systematic school improvement. Six monthly reviews of the program and our progress have shown extensive development for our school.

In term four an external school review was conducted by the School Improvement Unit. This review confirmed our direction for continuous school improvement and provided valuable feedback on our progress and future challenges.

Future Outlook

Coorparoo State School has a clear and well defined vision for the future utilising the current strategic plan our strong focus is narrow and sharp and centred on improving writing and number skills across the school.

The adoption of the Powerful Learning Theory of action "Consistent Teaching Protocols", will build upon the work we have established in 2016 with High Expectations and Authentic Relationships.

The move towards a more developed professional coaching model will see our future focus on improvement through raising our professional standards and expertise.

The current curriculum planning processes will be refined to ensure a clear and consistent delivery of the Australian Curriculum.

2017 will see a continuation of the creative arts programs and the development of the music programs.

The implementation and development of STEM approach, resourcing and resources will be critical goals for 2017.

Continued growth in the school and finding the right balance with significant building development near the school remain a major challenge for 2017 and beyond. It is anticipated that growth will remain steady with approximately 810 students for 2017.

Our School at a Glance

School Profile

Coeducational or single sex: Coeducational

Independent Public School: No

Year levels offered in 2016: Prep Year - Year 6

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2014	832	415	417	14	97%
2015*	790	392	398	12	96%
2016	781	382	399	9	97%

Student counts are based on the Census (August) enrolment collection.

In 2016, there were no students enrolled in a pre-Prep** program.

Characteristics of the Student Body

Overview

Coorparoo State School is proud of our multicultural community with students coming from European, Asian, Indian and Middle Eastern backgrounds. 25% of our students have English as a second language or dialect. Our school caters for a range of socio-economic circumstances, a strong inclusive culture exists with our P&C maintaining a hardship fund to assist families in need. Many of our families make their livings from qualified professions, business owners or academic fields. Parents have high expectations for student performance and behaviour.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

	AVERAGE CLASS SIZ	ES	
Phase	2014	2015*	2016
Prep – Year 3	20	22	24
Year 4 – Year 7	26	25	25
Year 8 – Year 10			
Year 11 – Year 12			

^{*}From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

^{*}From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

^{**} pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (http://deta.gld.gov.au/earlychildhood/families/pre-prep-indigenous.html).

Curriculum Delivery

Our Approach to Curriculum Delivery

Our distinctive curriculum offerings Academic focus/school priorities remain English, Mathematics and Science. Integration of Information and Communication Technologies in curriculum delivery; and Music (choral & instrumental), Art (Artist in Residence), inter-school sport and German In 2015, we continued preparation for and implementation of the Australian Curriculum, with curriculum offerings in English, Mathematics, Science, History, Geography, The Arts, Health and Physical Education P-7 and Languages Other than English 5-7.

Co-curricular Activities

Instrumental Music (keyboard, guitar and piano)

Sport (touch football, cricket, soccer, AFL, netball, European Handball, swimming, triathlon, tennis)

And Co curricula (chess and drama).

How Information and Communication Technologies are used to Assist Learning

Coorparoo State School is committed to facilitating the development of accomplished, autonomous learners who purposefully engage in the creative use of ICT to: Communicate effectively, Work cooperatively, Critically appraise, manage and use information and Develop higher order thinking skills Teachers facilitate such engagement by providing students with explicit instruction on how to read and learn from digital text, incorporating an understanding of digital grammar and the development of a shared metalanguage through which teachers and students can communicate and collaborate. We achieve this by ensuring teachers' interpretation of curriculum is viewed with respect to the digital age within which we operate. Curriculum units are designed to make ICT an integral component of the teaching and learning process.

In 2016 Coorparoo State School continued participation in a series of projects in partnership with the Brisbane School of Distance Education. The core focus for these student projects was digital pedagogies.

Coorparoo State School is responding to the safe, ethical and legal use of ICTs the development of a SOAR based ICT use program has been a feature.

2016 saw significant infrastructure upgrades to our wireless network and the purchase in term four of 60 lap tops for the school. An additional 10 iPad were purchased.

Robotics and the introduction of Coding for students received a boost with \$10,000 of new equipment purchased to expand the program. This will be an area for development in 2017.

Social Climate

Overview

Coorparoo State School has a changing social dynamic as a result of the significant apartment and unit development in the area. While the majority of the families are professionals or business people, who traditionally are home owners in the area, we are now also seeing many families living in small apartments and renting.

A significant feature of our school is our parent representatives and the sense of community they work hard to build. Every class has parent representatives who organise family events, communicate with parents in open two way channels.

A strong and active school council and P&C work very hard to support the school. Parent helpers are a regular feature of our school on a daily basis.

Our students are generally well behaved and mix easily with respect for each other. Students who have difficulties are supported to make appropriate choices and SOAR.

^{*} Nationally agreed student and parent/caregiver items

Parent and community engagement

Community engagement is a major feature of our school culture. We have a very active and highly organised Parents and Citizens' Association (and subcommittees).

Parent Representatives for each class are organized by the P&C funded School Liaison Officer (SLO). The SLO is highly valued by the school and the community managing a range of community event through the year including;

In class events and learning opportunities

Swimming and other sporting events and activities

Music

Class parent representatives

Volunteer parent class support

Tuckshop & Uniform Shop

"Coorparoo Connect" group engaging with our EALD community.

An active School Council has been established with parent representatives playing a major role in the strategic planning and direction of the school. The School was selected to be an Independent Public School in 2016.

Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships.

Coorparoo State School is conscious about its role in maintaining a unique approach to providing a supportive and connected school culture with a focus currently on:

- Developing individual learner profiles in regards to social and emotional learning via our existing Positive Behaviours for Learning (PBL) structure and schoolwide focus upon SOAR.
- · Maintaining an explicit set of protocols for responding to appropriate and inappropriate behaviours.
- Sustaining authentic relationships between students and teachers, with a focus on wellbeing for all staff and students, utilising buddy / peer support systems.
- · Maintaining existing programs aligned to being an eSmart school with stringent protocols for safe and ethical online behaviours.
- · Implementing respectful relationships education programs across all year levels.
- Deepening social and emotional learning pedagogy.
- · Aligning school and organisational processes and policies.
- Developing network / cluster access to external providers for both programming (Kidsmatter) and support.

^{#&#}x27;Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCH	OOL DISCIPLINARY ABSEN	CES	
Туре	2014*	2015**	2016
Short Suspensions – 1 to 5 days	5	7	2
Long Suspensions – 6 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

^{*} Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

Environmental Footprint

Reducing the school's environmental footprint

Coorparoo State School requires ongoing data collection and review in this area. Population growth and air conditioning as part of a noise abatement program, have impacted upon demand and consumption.

A SEMP (School Environmental Management Plan) team that was created in 2013 to include school based staff and parent and community representatives to develop and implemented procedures to reduce consumption is being re-engaged to continue the necessary work in this field. A student led "Green Team" continues to be the voice of the student body in terms of promoting sustainable and environmentally appropriate actions. The group has established a paper recycling program as well as nude food (no food wrapper) days.

The Green Team has been successful in gaining financial support through Brisbane City Council and Energex grants to further develop our garden projects and provide vegetables to our school tuckshop.

EN	VIRONMENTAL FOOTPRINT INDICATORS	3
Years	Electricity kWh	Water kL
2013-2014	267,513	4,038
2014-2015	241,475	3,272
2015-2016	256,280	5,190

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

^{**}From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

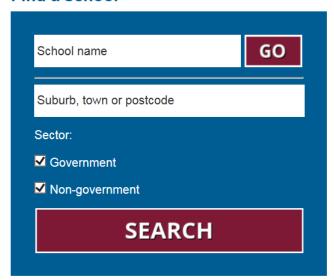

School Funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at http://www.myschool.edu.au/.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

Find a school

Where it states 'School name', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the Terms of Use and Privacy Policy before being given access to the school's *profile* webpage.

School financial information is available by selecting 'School finances' in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of income by funding source.

Our Staff Profile

Workforce Composition

Staff composition, including Indigenous staff

2016 WORKFORCE COMPOSITION					
Description	Teaching Staff	Non-Teaching Staff	Indigenous Staff

Masters	2			
Graduate Diploma etc.**	7			
Bachelor degree	28			
Diploma	18			
Certificate				

^{*}Teaching staff includes School Leaders

Professional Development

Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2016 were \$19,779.33.

The major professional development initiatives are as follows:

- Curiosity & Powerful Learning events and school based Professional Development
- Regional and Cluster based Professional Development.
- The proportion of the teaching staff involved in professional development activities during 2016 was 100 %.

Staff Attendance and Retention

Staff attendance

AVERAGE STAFF ATTENDANCE (%)									
Description	2014	2015	2016						
Staff attendance for permanent and temporary staff and school leaders.	97%	96%	95%						

Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 96% of staff was retained by the school for the entire 2016.

^{**}Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Performance of Our Students

Key Student Outcomes

Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2016									
Description	2014	2015	2016						
The overall attendance rate* for the students at this school (shown as a percentage).	95%	95%	95%						
The attendance rate for Indigenous students at this school (shown as a percentage).	92%	93%	92%						

^{*}The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

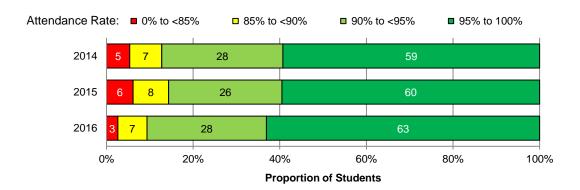

The overall student attendance rate in 2016 for all Queensland Primary schools was 93%.

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2014	96%	93%	95%	94%	95%	95%	95%	95%					
2015	93%	95%	94%	95%	95%	96%	94%						
2016	95%	95%	95%	95%	96%	96%	96%						

^{*}Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

DW = Data withheld to ensure confidentiality.

Non-attendance is managed in state schools in line with the DET procedures, Managing Student Absences and Enforcing Enrolment and Attendance at State Schools and Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

The School has implemented the SMS for Schools system to ensure parents are informed daily of any absence. Roll marking is twice daily using One School electronic marking. At 9:15am the SMS for Schools system, send a SMS to parents of any absent students, it also allows parents to respond immediately with reasons. Student absences are recorded and reasons noted. If students are away with no given reason or for more than five days the administration directly contacts parents.

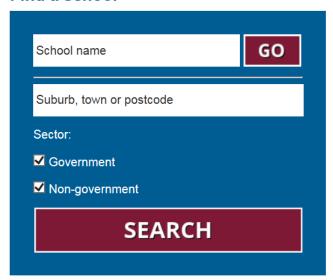

Student part day absence is recorded and parents are required to sign students in and out through the office.

NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at http://www.myschool.edu.au/.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

Find a school

Where it states 'School name', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the Terms of Use and Privacy Policy before being given access to the school's *profile* webpage.

Conclusion

2016 was a successful year for the Coorparoo State School. The School Improvement Unit review outlined clearly areas of achievement and recommendations for our next four years. This work has been used to develop and implement our school strategic plan 2017-2020.
