

Coorparoo State School

Wet and Extreme Weather: Protocols for pick up

In the event that wet or extreme weather events occur at the end of the school day, afternoon collection could be impacted. If so, the following protocols will be put in place:

- Kijini campus – students will remain seated undercover at Kijini in class rows closest to Halstead Street. Teachers will send out students as parents arrive.

- Students for Stop, Drop and Go (Pool) will remain seated undercover at the closest end to Tramstop 26. They will be escorted to the pool entrance undercover area when safe to do so. Students will be released as parents drive up.

- Students for School Lane and Carey Field laneway will remain seated in class rows at the senior undercover area in front of tuckshop. Parents can move up the path between the fence and tuckshop to collect their child.

- Students for the tennis court gate at Halstead Street will stand undercover at the Wolff park toilet block. Teachers will release students as parents arrive.

- Students for Wolff Park/Wilkes Green gate at Cavendish Road will remain seated undercover at Wolff Park closest to Cavendish Road. Students will be released to parents as they arrive at the gate.

- Students for Tarlina Lane will stand undercover on the verandah outside of the Music Block. Students will be released as parents arrive at the gate.

- Students for the front gate at Old Cleveland Road will stand undercover outside the Hall foyer. Students will be released as parents arrive.

Parents wishing to collect their child early must do so via the school office. Please contact the office on 3421 0333 prior to arrival so that we can arrange for your child/ren to come to the office. Please do not email requests for collection.

Please note that requests for early collection need to occur before 2:40pm.
